FROM YIN TO YANG- SATURN and NEPTUNE on the ZERO POINT

All slow moving planets are shifting from Yin/Feminine signs to Yang/Masculine signs, aligning into a lesser trine with the converging forces of this movement on the epic conjunction of Saturn and Neptune on the zero Aries point (2025-2026).

We are on the threshold of very important changes, and like any birthing process, it combines both screams of joy and pain.

Join us for an indeed epic voyage through these cycles – Saturn/Neptune in Aries, Pluto in Aquarius, Uranus in Gemini!

THE FORCE OF LOVE – The 12th HOUSE and the Dilemma of Reincarnation

The existential question whether we want or not to BE begins on the threshold of our Ascendant sign, between the 12th and 1st house. Is incarnating an act of fate, lust, bravery, or conscious love. Maurice will explore some of the deepest questions about how the chart depicts our ways to find solace, well-being, and peace in the thick of life's intensity.

MOMMIE DEAREST - MOTHER AND THE MOON IN THE CHART

The moon, waxing and waning, can be an unstable luminary. Associated with the mother, it is essential for our emotional well-being. The placement of the moon in our chart can give the most detailed information about our ability to implement our mother/ soul nourishment issues into our personality. To link our experiences with a mother figure in our childhood to our own ability as adults to care for ourselves and others is a precious tool to find happiness in our lives.

COME INTO MY LIFE: THE DESCENDANT & ITS RULER AS SIGNIFIERS IN RELATIONSHIP ASTROLOGY

The ascendant-descendant axis has a special influence on our partner choices. Why does an order loving Virgo ascendant attract dreamy, sensitive, and potentially chaotic Pisces partners? Why does a passionate Sagittarius rising attract argumentative and critical Geminis? Opposites attract? Maybe. But we must look at the ruler of the 7th house, the house in which it is placed and what aspects it forms. Along with planets in the 7th house, these patterns have a profound effect on our partner choices.

The Finger of God Aspect pattern was given its name for reason. Embedded in this cosmic configuration is an energy that takes us way beyond the ego's everyday needs.

Here Karma is purified through a form of purging and selfless service. How we do this and to what degree will be felt at a soul level as we travel through life.

In this talk I will not only be discussing the Yod in the Birth Chart but also a Yod formed by a Transiting or Solar Arc Planet to your Natal Planets. The timing of this occurrence could prove pivotal to your Spiritual awakening

CAUGHT IN THE COMPLEX: DIFFICULT PATTERNS IN THE BIRTH CHART

Aspects come in many forms, stressful and dynamic, smooth and flowing. At times more than one aspect comes together in a form that tends to lock us into predictable and frustrating outcomes. When this happens, parts of our chart function as if they are split off from the rest. We become caught in a complex. They may be triggered by difficult circumstances, and are often more recognisable to others than they are to ourselves. It's as if we are under a spell. We will look at how to identify these structures in the chart, and tease apart the underlying dynamic.

BREAKING THE SPELL: UNBINDING DIFFICULT PATTERNS

The power of inner feeling can be resistant to reason, and ideas run through our minds like old enchantments. Are we acting under a spell? At what moment do we 'wake up' to other possibilities, open a door and step into another way of being in the world? How do we find a way into the complex astrological signatures that lock us in? More fundamentally, we will look at the key transits and progressions that help shift our understanding and break the 'spells' that keep us caught in unhelpful behaviours.
