THE PROGRAM

Reincarnation has fascinated many spiritual seekers who wish to better understand their soul journey. Yet the question remains, can astrology be a reliable and effective tool to identify past lives.

Join Maurice in this 6 day intensive to understand how and why astrology is a verifiable gold mine of insights and revelation in this context. Most importantly by having perspective on our past lives, we can resolve many blockages and lead better lives in the present.

FLIGHT AND ARRIVAL

Experience an enduring tale of traditional Balinese hospitality on the charming sunrise coast of Sanur village. This beautiful beachfront resort is unmistakably one of the most renowned landmarks to grace the shores of north Sanur in an area that first gave rise to Bali's tourism industry. Nestled within a tropical landscape, Griya Santrian celebrates the evolving character of local design. It is a place that, even after many years of dedicated service, continues to appeal to couples, families and even business travellers alike.
